

News Release

13th June 2008

Networking event for businesses who wish to reduce costs and increase profits through successful environmental management...

Learn more about formal Environmental Management Systems and how to achieve BS8555 (British Standard) and ISO14001 (International Standard) by attending this short course run by the Business Envestors.

Environmental consultant from Business Envestors Clare Watters explains, "Businesses who have a recognised Environment Management System through achieving BS8555 and ISO14001 will have efficient, well managed businesses"

"Improved environmental performance will mean that businesses will meet stakeholder demands, avoid being stung by legislation and reduce costs, improve profits and boost their corporate image."

When: 26th June 2008

Time: 2.5 hours

Where: Peterborough City Centre

Cost: Free to members/new businesses
£50 non-members

For more information or to book please contact Kalai Mahalingam, 01733 567344, kalai.mahalingam@pect.net

ENDS

Notes to Editor
